(A) It is in this context that the RBI chief's reminder to the Centre that "borrowing even more and pre-empting resources from future generations" cannot be a short cut to achieving durable long-term "higher growth" is significant.

(B) With the Centre in the process of finalising the Union Budget, Dr. Patel has stressed the need to ensure that it does not stray from the path of fiscal consolidation, at a time when the external environment is already adverse and likely to remain uncertain for the foreseeable future.

(C) Within the government too, the temptation to loosen the purse strings to assuage adverse reaction to the

demonetisation decision is likely to be high.

(D) That the clamour for a sizeable fiscal stimulus is likely to grow louder as budget day nears is a certainty, given the signs that an incipient demand slowdown may have been exacerbated by the cash crunch caused by the withdrawal of high-value banknotes.

(E) Reserve Bank of India Governor Urjit Patel's emphasis on the vital importance of protecting domestic macroeconomic stability could not have come at a more crucial juncture.

Cloze Test from Hindu Editorial for IBPS IT Officer and Indian/Syndicate Manipal PO Exam

At India's economic momentum (a)..... is now beyond doubt.

Advance GDP estimates and gross value added (GVA) for the current fiscal year from the Central Statistics Office clearly (b)..... the extent of the slowdown. While GDP growth is now (c)..... at 7.1 per cent, compared with a 7.6 per cent pace

in 2015-16, GVA is **(d)**..... to expand at 7 per cent this year, easing from the 7.2 per cent posted 12 months earlier. This is especially so when seen in the backdrop of demonetisation and what the Reserve Bank of India referred to as the “short-run disruptions in economic activity in cash-intensive sectors such as retail trade, hotels & restaurants and transportation, and in the unorganised sector” and “aggregate demand compression associated **(i)**..... adverse wealth **(j)**.....”.
